

2026 PRODUCT SELECTION

Security, sensors & smart audio.

Connected protection, environmental sensing and built-in audio for a safer, more responsive smart home.

Protection that blends into the home.

Integrated audio, alarm control and connected sensing.

SMART AUDIO

In-ceiling Speaker

Flush-mounted ceiling speaker designed for discreet integrated audio installations and clean interior finishes.

IN-CEILING AUDIO FLUSH MOUNT

SMART SECURITY

7-inch Tuya Alarm Panel

Full-color touch alarm interface shown with Wi-Fi + 4G connectivity and app-based smart security control.

7-INCH WI-FI + 4G TUYA

REMOTE ALERTS

Call + SMS Notifications

The alarm system is shown supporting two-way panel communication plus up to five alarm phone groups and five SMS alert groups.

CALLS SMS REMOTE

SENSOR MANAGEMENT

Editable Sensor Names

Connected sensors and remote tags can be identified and renamed directly from the alarm panel interface.

SENSORS PANEL EDITABLE

Awareness at every access point.

Motion, pet-aware detection and door/window monitoring.

MOTION SENSOR

Wireless PIR Detector

Compact motion detector for indoor security coverage and connected alarm-system applications.

PIR MOTION WIRELESS

MOTION SENSOR

120° Motion Detection

The shown detector features a 120° detection range, motion sensing, pet immunity and low-battery reporting.

120° PET IMMUNITY LOW BATTERY

MOTION SENSOR

Multi-venue Protection

Suitable for homes, companies, corridors, warehouses and other spaces requiring motion-based environmental protection.

HOME OFFICE WAREHOUSE

ENTRY SECURITY

Door / Window Sensor

Compact two-part contact sensor for monitoring the opening and closing of doors or windows within a smart alarm system.

DOOR WINDOW CONTACT

Connected alerts for critical spaces.

Solar outdoor warning and intelligent gas-leak detection.

OUTDOOR SECURITY

Solar Smart Siren

Outdoor solar-powered alarm siren with integrated warning light and a compact wall-mounted enclosure.

- SOLAR
- SIREN
- OUTDOOR

WEATHER RESISTANCE

IP65 Outdoor Protection

The solar alarm is presented for outdoor use with IP65 water resistance and Tuya smart connectivity.

- IP65
- TUYA
- OUTDOOR

POWER SYSTEM

Dual Charging Options

Built-in 1000mAh lithium battery with both solar charging and USB charging methods.

- 1000MAH
- SOLAR
- USB

GAS SAFETY

Smart Gas Detector

Round smart gas-leak detector with an integrated display for status, concentration and temperature information.

- GAS
- DISPLAY
- WI-FI

Early warning where leaks begin.

Compact water sensing for kitchens, bathrooms and appliances.

GAS SAFETY

Real-time Leak Warning

When gas is detected, the display shows the measured level and the unit provides audible and visual alarm indications.

%LEL ALARM REAL-TIME

WATER SAFETY

Smart Water Leak Sensor

Compact wireless water sensor designed to detect unwanted water presence in vulnerable indoor areas.

WATER LEAK SENSOR

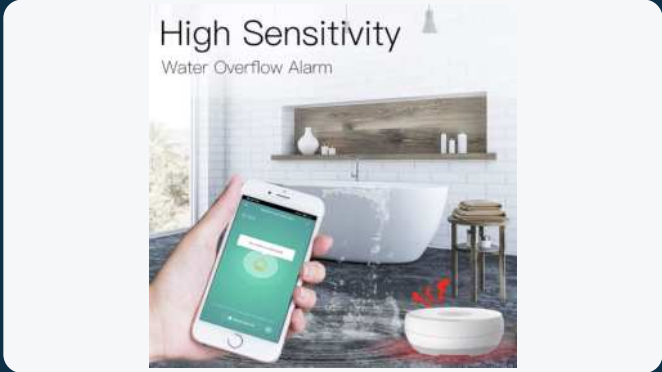

WATER SAFETY

Wide Application Coverage

Designed for placement near plumbing, appliances, sinks and other areas where leaks or overflow may occur.

PLUMBING APPLIANCES HOME

SMART ALERTS

High-sensitivity Overflow Alarm

High-sensitivity water overflow monitoring shown with smartphone status and remote leak notifications.

HIGH SENSITIVITY APP ALERTS
